<p align="center">RAP</p> 	<p><input type="checkbox"/> RAP Return grille with aluminum plate</p> <p><input type="checkbox"/> RAP-OB Return grille with aluminum plate and opposed blades damper.</p>

DESCRIPTION:

1. The Model RAAG utilizes 1/2" x 1/2" x 1/2" or 1" x 1" x 1" woven mill-finish aluminum eggcrate .015" thick and has square contour frame. Frame and blades are 6063 extruded aluminum alloy with 200-R1 satin anodized finish.
2. The Model RAP utilizes a .032" thick aluminum plate with perforated holes 3/16" in diameter and 1/4" on center, painted with a white lacquer white.
3. The frame mounting holes are dimpled, allowing for a counter-sunk fastener head appearance.
4. An optional opposed blade damper is attached to the return grille with positive-locking spring clips. It has the same aluminum construction and is screwdriver-operated through the face of the unit.
5. Available in clear anodized, white or a variety of custom colors.
