|---|---|
| <p>DESCRIPTION:</p> <ol style="list-style-type: none"> 1. Construction: 6063 Extruded aluminum frame mechanically interlocked with hairline mitered corner for strength. A double set of 6063 extruded aluminum blades with 3/4" spacing provides air control in both vertical and horizontal planes. Blades are individually adjustable with zero metal-to-metal contact with the use of nylon bushings to eliminate noise, corrosion and vibration. Extruded flexible vinyl gasket is standard and produces a perfect positive air seal. 2. Optional screwdriver operated opposed blade damper with nylon bushings. 3. Standard fastening is countersunk screw holes. 4. Standard finish is White. | <p>OPTIONS:</p> <ol style="list-style-type: none"> 1. Finish <ul style="list-style-type: none"> <input type="checkbox"/> ANOD Clear Anodized <input type="checkbox"/> Medium Bronze <input type="checkbox"/> Black <input type="checkbox"/> Custom _____ 2.
