SR

Square to round adaptor.

MODEL	L
SRA	NOM. + $\frac{3}{16}$ "
SRB	NOM. - $\frac{1}{2}$ "
SRC	NOM. - $\frac{1}{4}$ "
SRD	NOM.

<p>DESCRIPTION:</p> <ol style="list-style-type: none"> The model SR is a 26-gauge galvanized steel square-to-round adapter that is field-installed to allow the use of flexible or metal duct. It can be mounted on any product and in all cases the round dimension must be 2" smaller than the square dimension with the exception of the AVP product line which allows for the round dimension to be identical to the square dimension, i.e., 12" square neck with 12" round connection. In all instances a 10" round connection would be the largest available for a 12" x 12" neck dimension. A 3" collar is provided. 	<p>Options:</p> <p><input type="checkbox"/> OBFL (Fire link)</p>
